

Features:

- Linear Output from 0-90 % of Load.
- Internally mounted snubber circuit protection for huge current application
- Zero Crossing turn-on
- Zero Current turn-off
- Photo-isolation, 4000V rms isolation.
- Operating Temperature -20c to 80C
- Output Load max 250Vac
- *Knob and Dial included (200k-ohms pot.)*

SSR Shown with optional heatsink

Available Models: (All 250Vac Output 0-90% Linear)

Amperage	200K-Ohms Input	Output
10A	SRR2510	0-90 %
25A	SRR2525	0-90 %
40A	SRR2540	0-90 %

HEATSINK PART # HS-A (50mm Tall)
